

## COVID-19 COMPLIANCE – TIPS FOR SUPERVISORS

Supervisors play a key role in helping their employees comply with the [BYU COVID-19 requirements](#). Supervisors should:

- Be a positive role model of compliance
- Read all the information on the [BYU COVID-19 website](#)
- Ensure their employees have completed the “Welcome Back to the Y” training video and quiz
- Ensure all their employees who work on campus and all their employees who work remotely know what they must do to comply with the BYU COVID-19 requirements

If employees have concerns about completing the “Welcome Back to the Y” training video or quiz, the supervisor should encourage their employees to read the [FAQs](#) on the [BYU COVID-19 website](#).

If, after reading the [FAQs](#), employees still have unresolved concerns, the supervisor should contact their HR Area Consultant for assistance.
